Product Description

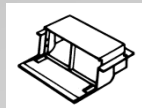

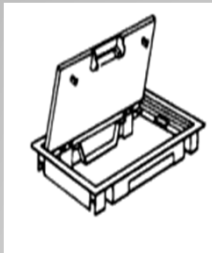

Hinged cover 528 with carpet frame or flooring edge

Carpet frame - made out of polyamide. Available for flooring thickness in 5 or 12 mm. Outer measurement: 154 x 154 mm. The carpet protective frame is overlapping the edge of the flooring and is to protect the carpet material against fraying at the edge.

Floor box is to be installed **after laying of the flooring**.

Flooring edge - flooring carpet edge made out of polyamide. Usable for hard floorings e.g. PVC or parquet, for thickness of 5 mm. or 12 mm. Outer measurement: 154 x 154mm.

Floor box is to be installed **before laying of the flooring**.

Installation opening 132 x 132 mm.

Installation depth from 60 mm.
